About our Members

LICENSED
NATUROPATHIC
DOCTORS

Naturopathic doctors (ND) are primary care doctors. Like all other medical professionals, NDs are required to be licensed with the California Department of Consumer Affairs (DCA). Licensed NDs are regulated by DCA's Naturopathic Medicine Committee (Committee) that oversees standards of practice, complaints, and discipline.

WEBSITE AUDIENCE

OUR MOST FREQUENT VISITORS

While our membership is primarily focused in California, our readership extends to the Pacific Northwest and Arizona.

As an epicenter for Western U.S. natural health, we strive to provide both local services and more widely inclusive offerings as well.
